FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION

Analysis

In part, SB74 authorizes the DHSS to apply for federal waivers and options to reform the Medicaid program and to assess the most cost-effective method for revising expansion coverage.

Section 36 requires the department to "reduce the cost of... senior and disabilities services provided to recipients of medical assistance under the state's home and community based waiver."

Section 38(d) (1) of the bill directs the Department to apply for the 1915(i) option under Medicaid.

Making use of the 1915(i) option offers the Department the opportunity to shift eligible recipients from 100% general funded grant programs to the 50% federal/50% general fund funded 1915(i) Medicaid option.

General Relief/Temporary Assistance (GR) provides temporary residential care for vulnerable adults who are ineligible for assistance from other programs. The Department assumes that all general relief recipients will be assessed for eligibility under the 1915(i) or behavioral health 1115 demonstration project. Of those assessed, the Department anticipates 349 being eligible for the 1915(i) option.

Current funding for GR program: \$7,323.9

Total number served: 545

Average cost per individual: \$13,438.35

Estimated eligible for 1915(i): 349

General fund services to be refinanced through the 1915(i) Medicaid option = \$ 4,689.9

Changes to the State Plan and regulations are required to implement the new option and would involve extensive public comment. The Department expects the 1915(i) option for temporary assisted living services to be implemented by FY2018.
